

Mt Airy Learning Tree three Session Course in Immigration Issues/Policy

Hi All,

There's a lot going on in immigration both locally and nationally. I am teaching a short course on "Hot Button Issues in Immigration Law and Policy" through Mt. Airy Learning Tree. The course will meet Monday nights Oct. 8th, 15th and 22nd 7 to 9 PM at Lutheran Seminary. For details and to sign up, go to www.mtairylearningtree.org

The description of the course is:

Receive an overview of immigration policy today. Who decides what? Why do many experts believe the system needs an overhaul? We will discuss the "players" in the immigration field and address many of the myths concerning immigrant and refugee policy. The 3rd class will include a guest speaker or a site visit to an immigrant group.
