### **Joys and Sorrows**

For India and the Indian people, who are going through it right now with Covid-19. Our hearts are with them.

**Louise S:** I had a wonderful conversation with Eric S - he is doing very well and was a delight to talk to. Good to hear that Shirley G is settling into an assisted living facility in Allentown. We will hear more once she is settled.

**Fern C:** Excellent program offered by UUJusticePA this weekend!

**Sharon F:** Was deeply touched by the #StandWithSikhs Solidarityvigil.com ecumenical service to honor all BIPOCs and AAPI lives that have been lost. Strongly encourage you watch it on FB.

**Bruce & Linda PJ:** We got to hug Kio (Ben) for the first time since lockdown! They are feeling better, but still needing to take it easy. We had a video visit with Terry W, and he seemed in very good spirits and getting regular exercise. He got his J&J vaccine! It doesn't look like he has congestive heart failure, as he feared - maybe a nerve issue in his foot.

**Bridget M:** We will celebrate Quinn's 16th birthday on Wednesday.

**Peter:** We need to be mindful of all who are suffering, in physical and/or emotional pain, and those struggling to "make it through the day"

**Tim S:** Feeling good/joyful about our UUJusticePA annual meeting this weekend. Yesterday was powerful to say the least.

**Catherine M:** I lost my job this week; a sudden announcement that Elwyn is closing our program, but I'm good.

**Linda H:** Thank you for the recommendation of the "On Being" program with Resmaa Menakam on intergenerational body trauma. Highly recommended

**Portia H:** I am grateful to reconnect with high school friends. Unfortunately, Rev Jerome Jackson died in his sleep. He was not ill. He was our class president. What a peaceful way to transition.
